Dear Laura,

I require access to general records, as per the *Municipal Freedom of Information and Protection of Privacy Act*.**Description of Requested Records:**

1. All studies/reports in the possession, custody or control of The Corporation of The City of Welland that scientifically prove/evidence the existence of the alleged **SARS-COV-2 (including any alleged variants)** (showing that the alleged particle exists and causes the nonspecific symptoms that "it" is alleged to cause).

Note:

Scientific proof/evidence is NOT

- Opinions, or
- Speculation, or
- Review papers, or
- Descriptive papers;

scientific proof/evidence requires use of the scientific method to test falsifiable hypotheses through valid, repeatable controlled experiments where only 1 variable differs between the experimental and control groups;

2. **If The Corporation of The City of Welland has no studies responsive to #1 above**, then please indicate such explicitly, and provide all studies and/or reports in the possession, custody or control of the institution describing the **purification** of particles that are alleged to be said virus(es), directly **from bodily fluid/tissue/excrement, with purification confirmed via EM imaging** (the images must be available as well).

Please note that I am not requesting studies/reports where researchers failed to **purify** the alleged "virus" and instead:

- cultured an unpurified sample or other unpurified substance, and/or
- performed an amplification test (i.e. a PCR test), and/or

- created an in silico (computer) "genome", and/or
- produced electron microscopy images of unpurified things.

I am aware that according to virus dogma a "virus" requires host cells in order to replicate; I am not seeking records describing the replication of a "virus" without host cells, or that describe a suspected "virus" floating in a vacuum or a strict fulfillment of Koch's Postulate; I am simply seeking records that describe its purification (separation from everything else in the patient sample, as per standard laboratory practices for the purification of other small things).

General Note:

This request is **not limited** to records that were authored by anyone at the institution or that pertain to work done at/by the institution , it includes any record matching the above description authored by anyone, anywhere, ever.

Publicly Available Records

If any records match the above description of requested records and are currently available to the public elsewhere, please assist me by providing enough information about each record so that I may identify and access each one with certainty (i.e. title, author(s), date, journal, where the public may access it). Please provide URLs where possible.

Format:

Pdf documents sent to me via email; please don't ship anything to me.

\$5 Application Fee

has been sent via Canada Post.

Dear Christine:

Re: Request for Information – SARS-COV-2 records
Access Request Number: MFIPPA 2023-53

I am writing regarding your access request under the Municipal Freedom of Information and Protection of Privacy Act (hereafter, 'the Act'), received by our office along with your \$5.00 application fee on August 3, 2023 for records regarding SARS-COV-2 as outlined in your email dated July 27, 2023.

A search has been conducted and no responsive records were found. You may find that the Public Health Department at the Region of Niagara may have custody or control of such records.

You may request the Information and Privacy Commissioner to review this decision within thirty days from the date of this letter. The Commissioner's address is Suite 1400, 2 Bloor Street East, Toronto, Ontario, M4W 1A8. The appeal fee is \$25.00 for general record requests, payable by cheque or money order to the Minister of Finance and must be included with your correspondence.

Should you have any questions, please contact the undersigned. We would appreciate you using the above-listed access request number in any further correspondence.

Yours truly,

A handwritten signature in black ink, appearing to read 'L. Bubanko', is written over a light blue background.

Thank you Laura.

I have not asked the Region of Niagara for such a record, but below is the list of 52 other Canadian federal, provincial and municipal institutions that have already been challenged via FOI requests; all failed to provide/cite even 1 such record, along with 165 institutions in 39 other countries.

[Public Health Agency of Canada](#) (and another from [Public Health Agency of Canada](#), this one re the alleged "UK variant" aka "B.1.1.7" aka "Alpha"; and another from [Public Health Agency of Canada](#) re any alleged virus/variant, and another from [Public Health Agency of Canada](#) re ANY type of alleged virus at all), [Health Canada](#) (and another from [Health Canada](#); and another from [Health Canada](#)), the [National Research Council of Canada](#), [Vaccine and Infectious Disease Organization-International Vaccine Centre \(VIDO-InterVac\)](#), [Canadian Institutes of Health Research](#), [Natural Sciences and Engineering Research Council of Canada](#), [Patented Medicine Prices Review Board Canada](#), [Royal Canadian Mounted Police \(RCMP\)](#), [Public Health Ontario](#), [Ontario Ministry of Health](#) (and another from [Ontario Ministry of Health](#) re "delta variant", [University Health Network](#), [Ontario Ministry of the Solicitor General and Ontario Provincial Police](#), [Alberta Ministry of Health](#), [Alberta Premier Jason Kenney, his Office and Executive Council](#), [Calgary Police Service](#), [Institut National de Sante Publique du Quebec](#) (another from [Public Health Quebec](#)), [British Columbia's Ministry of Health](#) (re "the UK variant") (another from [British Columbia's Ministry of Health](#)), [British Columbia's Centre for Disease Control](#), [British Columbia's Provincial Health Services Authority](#) (2 responses, 1 re "SARS-COV-2", 1 re the alleged "B.1.1.7" aka "Alpha variant" aka "UK variant"), [Vancouver Coastal Health Authority](#) (re "B.1.1.7" aka "Alpha variant" aka "UK variant"), [Newfoundland Labrador Department of Health & Community Services](#), [New Brunswick's Department/Ministry of Health](#), [McGill University](#), [University of Ottawa](#), [University of Waterloo](#), [Dalhousie University](#), [University of Guelph](#), [University of British Columbia](#), the [City of Toronto](#), [Toronto Police](#) (and another from [Toronto Police](#)), [Halton Region](#), [Hamilton Police Service](#) (Ontario), [Halton Regional Police Service](#) (Ontario), the [Region of Peel](#) (Ontario), [Region of Durham](#) (Ontario); [KFL&A Public Health](#) (Kingston, Frontenac, Lennox and Addington, Ontario, re "any variant"), [Grey Bruce Health Services](#), [Grey Bruce Health Unit](#), [Simcoe Muskoka Health Unit](#), [Niagara Regional Police Service](#), [Peterborough Public Health \(Ontario\)](#) (and another from [Peterborough Public Health](#)), [Peterborough Police Service](#) (Ontario) (another from [Peterborough Police](#)), [City of Peterborough](#) (Ontario) [Aylmer Police Service](#) (Ontario) (and another from [Aylmer Police](#)), [Woodstock Police Service](#) (Ontario), [Sudbury Police Service](#) (Ontario), [Hastings Prince Edward Public Health](#) (Ontario), the [Town of Collingwood](#), the [University of Toronto](#) (another from [U of Toronto](#)), [Sunnybrook Health Sciences Centre](#), [McMaster University](#) and [Mount Sinai Hospital](#) (Toronto) (note that researchers from the last 4 institutions had publicly claimed to have "isolated the virus", as had VIDO-Intervac).

Their failures are all publicly available on my website, along with dozens of failures when challenged on other imaginary "viruses".

Official Evidence that Virology is Pseudoscience - June 10 2023

- a 40 minute video introduction to the massive body of evidence collected on my website, primarily in the form of freedom of information responses from 217 institutions in 40 countries, including Health Canada, PHAC, CDC, NIAID, FDA, and a ridiculous response from the W.H.O., also email correspondences directly with "SARS-COV-2" researchers:

<https://www.bitchute.com/video/gvu4NbieSuVb/>

Freedom of Information Responses reveal that health/science institutions around the world (217 and counting!) have no record of SARS-COV-2 (the alleged covid virus) isolation/purification, anywhere, ever

(includes emails from investigative journalist Torsten Engelbrecht directly to "SARS-COV-2" researchers asking if they had purified alleged "virus" particles which of course they didn't):

<https://www.fluoridefreepeel.ca/fois-reveal-that-health-science-institutions-around-the-world-have-no-record-of-sars-cov-2-isolation-purification/>

FOIs reveal that health/science institutions have no record of any “virus” having been found in a "host" and isolated/purified. Because virology isn't a science:

<https://www.fluoridefreepeel.ca/fois-reveal-that-health-science-institutions-have-no-record-of-any-virus-having-been-isolated-purified-virology-isnt-a-science/>

Do virologists perform valid control experiments? Is virology a science?

(includes FOI responses from institutions and more email exchanges directly with "SARS-COV-2" researchers):

Further evidence and educational material addressing the absurd methods of virology, germ theory, how fake-covid happened without a virus, the meaninglessness of the tests, what really causes ill health, etc:
