## Orange County California confesses: no scientific evidence that SARS-COV-2 or contagion is real... or that anything about "covid" was legit

Notice to agent is notice to principal; notice to principal is notice to agent  
...in your public and private capacities

To the men and women doing business under the title of "Senator":

April 29, 2024:

I filed a freedom of information order with Frank Kim (since **retired**) acting as County Executive Officer, County Administration North, "Orange County" for all studies/reports held by the institution that scientifically:

- prove/provide evidence of the existence of the alleged covid-19 virus aka "SARS-COV2" (showing that the alleged particles with the purported "genome" and proteins have been found in sick people and shown to cause the illness/symptoms that they are alleged to cause), and/or
- demonstrate contagion of the illness / symptoms that are allegedly caused by said purported "virus".

I included a reminder that scientific proof/evidence requires use of the scientific method to test falsifiable hypotheses through valid, rigorous, repeatable controlled experiments and that this requires a valid independent variable (suspected "virus" particles that were found in sick "hosts" and purified).

And as usual I asked that if records matching my request were held by the County but were already publicly available, I would be given citations so that I may identify and access each one. I also clarified that my request was not limited to

records authored by someone at the County but included records *authored by anyone, anywhere, ever*.

May 3, 2024:

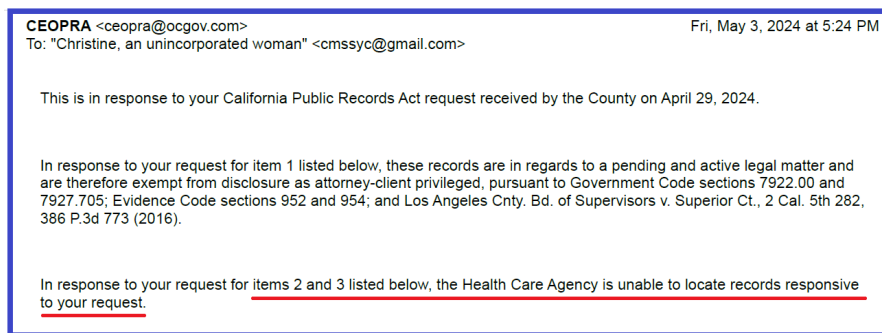

David Kim acting as Program Manager, County Executive Office | Government & Community Relations confessed (pg 9) that:

“...the Health Care Agency is unable to locate records responsive to your request”

...which was to be expected since virology has always been **pseudoscience**, no virus has **ever** been shown to exist, contagion is “public health” **mythology** and literally **hundreds** of previous FOI responses from 40 different countries also yielded zero valid scientific evidence of any purported “virus”.

Also, notice that I didn’t even ask for evidence of the purported virus invading and hijacking cells and replicating. I made the request easy and still they failed.

Because “covid” was a complete hoax.

Freedom of Information Responses reveal that **health/science institutions around the world (225 and counting!) have no record of SARS-COV-2** (the alleged covid virus) **isolation/purification, anywhere, ever:**
