Notice to agent is notice to principal; notice to principal is notice to agent...in your public and private capacities

*Note: this article has nothing to do with whether or not health conditions exist. No one is questioning whether or not sick people or animals actually get sick. The issue is the alleged **cause** of their health conditions. "Germ" explanations serve as a distraction and cover story (convenient and profitable for some) for harm caused by other factors (i.e. stress, pollution, malnutrition, toxins, medical "care" including quackcines and other pharmaceuticals).*

Some believe that bacteria always play a beneficial role in the dis-ease process. For example, Amandha Vollmer *writes* that:

"Bacteria proliferate because there is dead organic matter for them to feed on, not because they suddenly become malevolent."

May 4, 2024:

I filed a FOIA request ([page 1](#), attached) with the CDC and the Agency for Toxic Substances and Disease Registry (ATSDR) for:

"All studies - authored by anyone, anywhere, ever, in the possession, custody or control of the Centers for Disease Control and Prevention (CDC) and/or the Agency for Toxic Substances and Disease Registry (ATSDR) and/or the people who are responsible for the CDC's claim that listeria monocytogenes can cause fever, flu-like symptoms, headache, stiff neck, confusion, loss of balance, seizures, diarrhea, vomiting and/or death, that: used purified bacterial cultures to scientifically prove or provide evidence of causation of any type of illness or death in animals or people."

As usual, I asked that if any records match the above description and are currently available elsewhere, I be provided citations so that I may identify and access them.

August 16, 2024:

Roger Andoh acting as FOIA Officer in the Office of the Chief Operating Officer confessed that the “experts” at the CDC and ATSDR have no such studies/reports:

“A search of our records failed to reveal any documents pertaining to your request. A search of FoodNet data for requested criteria yielded no responsive results.”

Official Confessions/Evidence Confirm that Virology is Pseudoscience

My affidavit regarding the hundreds of freedom of information responses (FOIs) confirming the fraud and delusion of virology, with German and Greek translations:

<https://www.fluoridefreepeel.ca/affidavit-re-foi-and-fraud-and-delusion-of-virology/>

Freedom of Information Responses reveal that **health/science institutions around the world (225 and counting!) have no record of SARS-COV-2 isolation/purification, anywhere, ever:**

<https://www.fluoridefreepeel.ca/fois-reveal-that-health-science-institutions-around-the-world-have-no-record-of-sars-cov-2-isolation-purification/>

Excel file listing 225 institutions:

FOI responses re: other imaginary "viruses" (HIV, avian influenza, HPV, Influenza, Measles, etc., etc., etc.):

<https://www.fluoridefreepeel.ca/fois-reveal-that-health-science-institutions-have-no-record-of-any-virus-having-been-isolated-purified-virology-isnt-a-science/>

FOIs re secretive and unscientifically "mock infected" cells (aka invalid controls) and computer-model "viral genomes":

<https://www.fluoridefreepeel.ca/do-virologists-perform-valid-control-experiments-is-virology-a-science/>

3000+ pages of "virus" FOIs in 8 compilation pdfs, and my **notarized declarations** re the anti-scientific nature of virology:

Failed freedom of Information responses re contagion:

<https://www.fluoridefreepeel.ca/freedom-of-information-responses-re-contagion/>

Do health and science institutions have **studies proving that bacteria CAUSE disease?**

<https://www.fluoridefreepeel.ca/do-health-authorities-have-studies-proving-that-bacteria-cause-disease-lets-find-out-via-freedom-of-information/>

Because "they" (HIV, influenza virus, HPV, measles virus, etc., etc., etc.) have never been shown to exist, clearly don't exist and virology isn't a science.

For truth, freedom and sanity,

Christine
