To whom it may concern
Region of Peel
10 Peel Centre Drive, Suite A, 5th Floor
Brampton, ON L6T 4B9.

Good day,

I am placing an order for access to general records, per MFIPPA. I am not seeking legal advice or personal information.

Ordered Records:

All studies in the possession/custody/control of the "Region of Peel", authored by anyone, anywhere, ever:

1. - that scientifically prove/provide evidence of the existence of any alleged "HPV" aka "Human Papillomavirus" (showing that the alleged particles exist and cause the illness/symptoms that they are alleged to cause).

Note: Scientific proof/evidence is not opinions, speculation, declarations, review papers or descriptive studies.

Scientific evidence requires use of the scientific method to test falsifiable hypotheses through valid, rigorous, repeatable controlled experiments.

2. - that even describe the purification of particles that are alleged to be "HPV" directly from bodily fluid/tissue/excrement of so-called "hosts" (without adding any sources of genetic material or proteins) with purification confirmed via EM imaging (the images must be available as well).

Purify = separate from everything else in the clinical sample.

I am aware that according to "virus" dogma a "virus" requires host cells in order to replicate and am not seeking records describing the replication of a "virus" without host cells, or that describe a suspected "virus" floating in a vacuum or a strict fulfillment of Koch's Postulates.

I am simply seeking records that describe purification (separation from everything else in the "host" sample). I am not seeking private patient records.

3. - wherein the purported "genome" of any alleged "HPV" was found intact in the bodily fluid/tissue/excrement of a "host" (as opposed to fabricated in silico, aka a computer model).

4. - that scientifically demonstrate contagion of the illness / symptoms that are allegedly caused by purported "HPV".

Urgency & Danger to Human Life

This is an urgent public health issue: young people will be injected with dangerous ingredients under the premise of a never-shown-to-exist "virus".

Publicly Available Records

If any records match the above description of requested records and are currently available to "the public" elsewhere, please assist me by providing enough information about each record so that I may identify and access each one with certainty (i.e. title, author(s), date, journal, where the public may access it). Please provide URLs where possible.

Searchable pdf documents sent to me via email; please don't ship anything to me.

I didn't file 2 HPV-related FOIs. I filed 1 about HPV and 1 regarding basic information about the "Region of Peel". I'll assume that 24-335 is for the non-HPV FOI.

Hi Christine,

You are correct 24-335 is the file with general information. I am contacting you in regards to the following portion of the request:

10. Any record that shows who the beneficiary/beneficiaries is/are, who the trustee(s) is/are, and who the guarantor(s) is/are, if the "Region of Peel" involves a trust relationship [Per the Municipal Act, "municipality" means a geographic area whose inhabitants are incorporated.]

Please provide additional information (i.e., service area, date range). Let me know if you have any questions.

Thanks,

Bushra Mukhtar
