August 30, 2024

To:  
Marianne Manheim acting as Freedom of Information Office Coordinator  
National Institute of Allergy and Infectious Diseases (NIAID)

Good day Marianne,

I am placing an order for access to general records, per The Freedom of Information Act. I am not seeking legal advice or personal information.

**Ordered Records:**

All studies in the possession/custody/control of the National Institute of Allergy and Infectious Diseases, authored by anyone, anywhere, ever:

1. - that scientifically prove/provide evidence of the existence of any alleged "HPV" aka "Human Papillomavirus" (showing at minimum that the alleged particles with a specific "genome" and proteins exist and cause the illness/symptoms that they are alleged to cause)

Note: Scientific proof/evidence is not opinions, speculation, declarations, review papers or descriptive studies.

Scientific evidence requires use of the scientific method to test falsifiable hypotheses through valid, rigorous, repeatable controlled experiments.

2. - or, that even describe the purification of particles that are alleged to be "HPV" directly from bodily fluid/tissue/excrement of so-called "hosts" (without adding any sources of genetic material or proteins) with purification confirmed via EM images (the images must be available as well)

Purify = separate from everything else in the clinical sample.

I am aware that according to "virus" dogma a "virus" requires host cells in order to replicate and am not seeking records describing the replication of a "virus" without "host" cells, or that describe a suspected "virus" floating in a vacuum or a strict fulfillment of Koch's Postulates.

I am simply seeking records that describe purification (separation from everything else in the "host" sample). I am not seeking private patient records.

3. - or, wherein the purported "genome" of any alleged "HPV" was found intact in the bodily fluid/tissue/excrement of a so-called "host" (as opposed to fabricated/assembled in silico, aka a computer model)

4. - or, that scientifically demonstrate the claimed contagious nature of the illness / symptoms that are allegedly caused by purported "HPV"

**Urgency & Danger to Human Life**

This is an urgent public health issue: young people will be injected with dangerous ingredients under the premise of a never-shown-to-exist "virus".

**Publicly Available Records**

If any records match the above description of requested records and are currently available to "the public" elsewhere, please assist me by providing enough information about each record so that I may identify and access each one with certainty (i.e. title, author(s), date, journal, location). Please provide URLs and/or DOIs where possible.

**Timeframe:**

If a timeframe is necessary, please use January 1, 1945 - the date of the search.

**Format:**

Searchable pdf documents sent to me via email; please don't ship anything to me.

**Privacy:**

I do not agree to this order or "personal information" being shared with 3rd parties including those that provide FOIA services, without my explicit written consent.

I am not providing a phone number or address in order to protect my privacy, since they are not required in order to carry out the search or to convey the response to me.

**Contact Information:**

email: [cmssyc@gmail.com](mailto:cmssyc@gmail.com)

Best wishes. All rights reserved.

Christine

## FOIA Requests Made to NHLBI FOIA

---

**NHLBI FOIA REQUEST (NIH/NHLBI)** <nhlbifoiarequest@nhlbi.nih.gov>

Tue, Sep 3, 2024 at 10:50 AM

To: "cmssyc@gmail.com" &lt;cmssyc@gmail.com&gt;

Cc: "NHLBI FOIA REQUEST (NIH/NHLBI)" &lt;nhlbifoiarequest@nhlbi.nih.gov&gt;

Good morning,

Thank you for contacting the NHLBI FOIA Service Center.

Before we can begin to process your requests, we will need you to clarify what you are seeking. Can you please be more specific in regard to the specific grants that you are seeking? You may consult the [NIH RePORT \(Research Portfolio Online Reporting Tools\)](#) which provides access to a variety of reporting tools, reports, data, and analyses of NIH research activities. [RePORTER](#) will help you to **identify the grant or contract number** and the component funding the research in order to submit a FOIA request (in the NIH FOIA Request Portal). Typically, **a grant number and grant title are necessary to submit a FOIA request**. If you seek data produced under a NIH grant, please visit the [NIH Data Sharing Policy](#) page before making a request.

Please understand that at this time we do have a substantial backlog. In an effort to best serve you in processing time and cost, please narrow your requests.

Thank you,

NHLBI FOIA Service Center

Hi,

Please identify yourself with your name and job title.

I have not filed any FOIA orders **for grants**. I filed an order for records containing **scientific evidence of "HPV" and "monkeypox virus"**, attached.

**NHLBI FOIA REQUEST (NIH/NHLBI)** <nhlbfoiarequest@nhlbi.nih.gov>

Thu, Jan 30, 2025 at 4:36 PM

To: "Christine, an unincorporated woman" &lt;cmssyc@gmail.com&gt;

Cc: "NHLBI FOIA REQUEST (NIH/NHLBI)" &lt;nhlbfoiarequest@nhlbi.nih.gov&gt;

Good afternoon,

Thank you for your response. We'd like to clarify that we don't have a single, centralized file folder specifically for HPV-related data. The research on HPV is spread across various NIH grants, which may be found through NIH's [RePORTER](#) system.

To help refine your request, we recommend identifying specific grants or contracts related to HPV research that you're interested in. [RePORTER](#) provides access to a comprehensive list of grants, titles, and funding components that can assist you in locating the most relevant information.

Please note that we currently have a substantial backlog, and if multiple grants are requested, processing times may be longer. We appreciate your patience and understanding as we work to best serve you.

Thank you,

NHLBI FOIA Service Center

To: "NHLBI FOIA REQUEST (NIH/NHLBI)" &lt;nhlbifoiarequest@nhlbi.nih.gov&gt;

Cc: "NHLBI FOIA REQUEST (NIH/NHLBI)" &lt;nhlbifoiarequest@nhlbi.nih.gov&gt;

I filed my order 5 months ago.

The fact that "you" don't have a single centralized file folder is irrelevant.

I already made it clear to "you" on September 5, 2024 that your comments about grants are irrelevant. The order has nothing to do with specific grants or contracts... or "funding components".

"You" have until January 31, 2025, 5pm EST to provide/cite records. I will be publishing a newsletter about "your" anonymous emails and "your" failure to provide or cite any scientific evidence.

Life in prison.

Christine
